KPMG Czech Republic has been supporting companies since 1990. Audit, tax, advisory and legal services are offered to hundreds of companies from various industries. In the Czech Republic, we employ over 900 specialists and are one the largest providers of consulting services in the country. As a member of a global network of advisory firms KPMG Czech Republic relies on the knowledge and experience of more than 174,000 experts active in 155 countries world-wide.

Fergus Cunningham is a partner in the Czech practice of KPMG and represents the firm in the Australian and NZ Chamber of Commerce. He moved to Prague from Melbourne (Australia) in 2002 and has been active on the local market for more than 14 years. During this time he has helped foreign investors establish and expand their manufacturing base and presence in the Czech Republic through offering KPMG's services in the areas of audit, tax, M&A, legal and accounting/payroll services.
